ABOUT THE PROPERTY

Former Amish Community Schoolhouse and Church ready to be finished out for a residence and separate mother/father-in-laws quarters and / or rental units. Property would also be great for an AirBnB. Utilities are available, but the property also has a spring fed water source. Building #1 (Church) is 3000 sq ft and Building #2 (School) is 960 sq ft. Owner Terms are available to Qualified Buyer.

Addendum: This would make a great rental property. The main house could be converted to a duplex or even a quad. There is potential for 3-5 rental units on site.
